## Summer 2014

### Make your mark. Bring healing to East Africa.

LN is a nonprofit organization that creates innovative solutions for the everyday health challenges facing East Africa's poor. In 2011, LN launched a conversion franchise network in Burundi, East Africa to build the capacity of 10 local church based clinics and hospitals through nurse training, management systems, growth financing, and medicine supply. We are rapidly expanding upon this foundation and target 60 partner facilities in Burundi by year-end 2014. Our goal is to improve clinical performance 50% within 24 months of partnership, but we regularly see performance double in that time. In addition, LN aims to help clinics achieve financial sustainability through our medicine supply and loan fund.

Burundi ranks as the third least developed country in the UN Human Development Index. Under five mortality is a staggering 141.9 per 1,000 children. The country's roughly 300 doctors serve a population of 8.5 million people and are largely concentrated in Bujumbura, the capital, where only 10% of the population live. LN aims to make significant and sustainable improvements in the health of Burundi's poor through our clinical network.

#### JOB DESCRIPTION

LifeNet International is looking for excellent volunteer translators to translate aspects of our written medical curriculum from English to French. LifeNet's medical training is an essential part of improving patient outcomes and health care delivery in rural African clinics.

The ideal candidate would:

- Be a fluent French speaker with a good understanding of the English language
- Be somewhat literate in medical jargon
- Be able to complete at least the 10 pages by August 15th, 2014

Please contact Monica Slinkard, at [mmlinkard@lninternational.org](mailto:mmlinkard@lninternational.org) directly for more information.
