

Job Opportunity

MANAGEMENT TRAINER

LifeNet International is a US-based NGO creating innovative solutions to meet the health challenges that currently face the poor in East Africa. LN operates a health center training network for faith-based facilities here in Uganda. LN provides ongoing management training to our health center and hospital partners, and we work to make a difference by utilizing best-business practices to help those partners run in a sustainable and ethical way, ensuring a high quality of service for patients for years to come. LN aims to improve the quality of care and financial sustainability of our health partners to transform African health care and impact Ugandans in a positive way.

Qualifications:

1. A degree in a related field such as economic or international development, business or finance. (Bachelors or equivalent).
2. Related business or management experience (Consulting experience would be advantageous).
3. Working knowledge of financial management principles.
4. An excellent knowledge of English and strong knowledge in computer use (Microsoft, Excel)
5. Willingness to work within and alongside faith-based organizations
6. Ability to work full-time, 5 days per week, (45+ hours per week)

Job Description:

LN is currently recruiting a management trainer (MT) to carry out training of health center managers and staff of LN partner health centers. The MT will be responsible for on-site training from the LN standard management curriculum, as well as performing monitoring and evaluation of subjects taught through the trainings. The MT reports directly to the Country Director.

Working in the roles of leader and trainer, we need a confident, knowledgeable person that is also teachable with a desire to improve. It is the responsibility of the MT to adhere to the LifeNet curriculum at all times, using best-business practices to improve management practices at partner health centers. We are looking for a trainer who will be flexible, questioning, friendly and open. As we teach, we can also learn from one another.

The MT will be responsible for measuring the impact of each training, reporting the results to the Country Director and our M&E officer. The MT will also learn to accept responsibility for generating quarterly reviews and assessments for our health center partners using LifeNet tools and resources.

This job requires a driven personality, self-motivation, and an entrepreneurial spirit. The work will consist of regular visits outside of Kampala for work projects. On a monthly basis, the job will require overnight stays outside of Kampala.

Compensation and Benefits:

1. Competitive starting salary, including health coverage.
2. Food, accommodation and transport provided during visits outside of Kampala.
3. Opportunities for professional development through additional skills, training and access to learning materials.

Submitting Applications:

Your application must consist of a cover letter and a resume and at least two references.

Please submit all applications via email to jguenther@LNinternational.org

Deadline:

Please ensure your application has been completed and delivered by no later than **14 December, 2015**.
