“After receiving training on treating postpartum hemorrhage, health workers in St. Bernards Mannya Health Center have saved many mothers.

Staff now feel confident treating postpartum hemorrhage because of their LifeNet training.”

facilities last quarter**

"I had a tendency of not documenting my name, title, and signature after treating patients. The LifeNet team trained us on documentation. Now when we refer patients to the hospital it is much easier for them to find out more information the patient."

**-Alice Mlongoti, Health Worker  
Kaundu Health Center, Malawi**

## LIFENET NEWS

---

- **LifeNet was awarded the Henry Schein Cares Medal.** The medal is awarded "for excellence in expanding access to health care for the underserved."
- **The LifeNet team in Malawi** celebrated its very first graduation ceremony. Health workers in Dzenza Health Centre (pictured on right) successfully passed both Medical & Management Module 1 training!
- **The LifeNet team in Uganda** experienced its largest expansion to date in Q1 2019, expanding from 50 to 72 partner facilities.

## FACES OF LIFENET

---

**Espérant Dikasa Kasongo** has a degree in economics and serves as a LifeNet Management Trainer in DR Congo. He trains partner health facilities in financial and pharmaceutical management as well as human resource best practices. Outside of work, Espérant enjoys listening to the radio, watching movies, reading books about management, and coaching a friend in learning French.

"In the Bible, it says, 'My people perish for lack of knowledge.' LifeNet brings knowledge to the health system in the DRC through its training programs."

**-Espérant Kasongo, LifeNet Management Trainer**
